

Quality Manufacturer of Wire and Cable

BARE COPPER

Bare

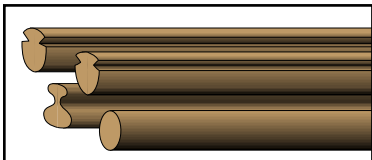

#14-4/0 AWG solid, #14-1000 MCM stranded. Hard, medium hard, soft drawn.

Tinned

#6 and 2 solid, #6-500 MCM stranded soft drawn

Plater Wire

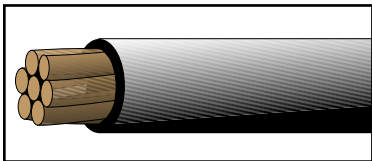

#24-2 AWG solid soft drawn

Trolley Wire

Round, grooved, fig. 8, fig. 9, copper, bronze alloy 80 and bronze alloy 55

SINGLE CONDUCTORS

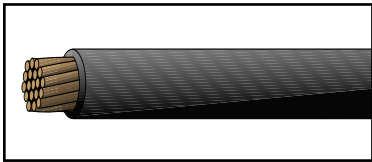

XHHW-2

#14-750 MCM, available in colors. Also available with VW-1 rating.

XLP-USE-2/RHH-RHW-2

#14-750 MCM, available in colors. Also available with VW-1 rating.

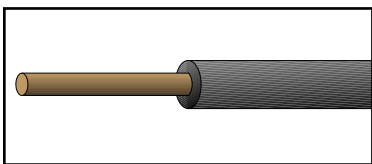

EnviroPlus

#14-750 MCM low smoke, zero halogen, zero lead. (LS 1/0 AWG and larger)

Switchboard (SIS) Wire

#16 - 6 Tinned, Flexible strand. Available in colors.

THW

#14-750 MCM, available in colors, including Green up through 500 MCM. 1/0 and larger is CT rated and all sizes carry a VW-1 rating.

Weather Proof Line Wire

#6-1000 MCM. Hard, medium hard, soft drawn.

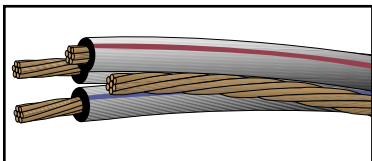

Cathodic Protection

#8-4/0 AWG stranded copper HMW-PE.

Transformer Riser Wire

#8-2 AWG

TWISTED CABLES

Service Drop - Triplex or Quadralex

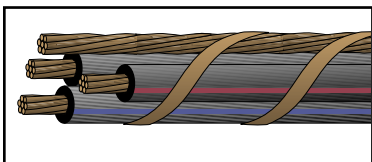

#8-500 MCM copper, #6-500 MCM aluminum

400 Hz Cable

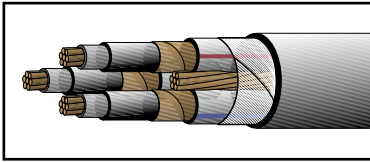

XHHW-2 Copper #4-500 MCM

Preassembled Aerial

Multiconductor, 600V, #6-750 MCM aluminum, #8-750 MCM copper, 5KV copper #6 -750 MCM, 15KV copper #2-750 MCM. Messengers available in galvanized, stainless or Copperweld. Special constructions available.

TRAY AND POWER CABLES

Tray Cable XHHW/PVC Copper

#14-750 MCM multiconductor 600V

Power Cable

#8-750 MCM multiconductor 5 KV, #2 - 750 MCM multiconductor 15 KV

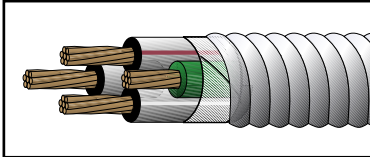

Shielded Tray Cable

600 V multiconductor copper.

EnviroPlus Tray Cable

#14-750 MCM, 600 V multiconductor copper. Low smoke, zero halogen, zero lead, shielded or non-shielded, **FACTORY MUTUAL GROUP 1 APPROVED.**

ARMOR CABLES

Feeder MC Cable

#8-750 MCM multiconductor CU & AL, Aluminum or galvanized armor 600V

Interlocked Armor/PVC Jacket

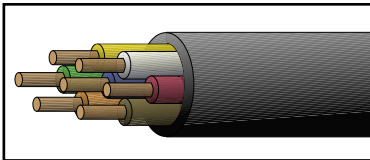

#14-750 MCM multiconductor 600V Copper or Aluminum, #6-750 MCM multiconductor 5 KV (shielded and non-shielded) and 15 KV. Galvanized or aluminum armor with overall PVC jacket.

EnviroPlus Armor

#14-750 MCM multiconductor 600V copper. Low smoke, zero halogen, **FACTORY MUTUAL GROUP 1 APPROVED.**

PUMP AND IRRIGATION CABLES

UF Irrigation Cable

Single conductor #14-8 AWG solid, #6-4/0 AWG stranded copper.

Sprinkler Control Cable

#18/2 - 18/13 solid copper.

Low Energy Circuit Cable

#16 and #18 AWG solid single conductor, #16/2 - 8/2 copper underground landscape lighting cable 150V.

Submersible Pump Cables with or without Ground

#14/2 - 10/3 WG solid and 8/3 - 2/3 WG stranded copper twisted.

#14/2 - 4/3 WG commercial grade flat yellow.

#14/2 - 2/3 WG heavy duty flat black. Also available: 1/03 - 4/03

#14/3 - 2/3 WG round PVC jacketed.

#14/2 - 6/3 WG cold weather twisted pump cable.

SERVICE WIRE OFFERS!

Service

- Custom packaging
- Custom labeling
- Sequential footage marking
- Variety of color codes
- Striping

- Custom engineered cable constructions
- Guaranteed quick shipment
- Emergency service — 24 hours
- Quick and dependable manufacturing lead times
- Factory warehouses: Houston, TX; Phoenix, AZ; Culloden WV
- Manufacturing locations: Culloden, WV; Houston, TX; Phoenix AZ
- Cable Management
